10R class

Because of the 10R class rules the sail sizes and shapes can vary enormously, depending on the boat and what you want to achieve in certain conditions. There is no restriction on battening and it is possible on 2nd and 3rd suits to fully batten thereby providing for better control of sail shape and less distortion. This battening would add £10.00 to the cost of each suit.

Light Air Top Suit in scrim or satin £95.00.

Luff Finishes
Sails available in luff cord eyelets or hooks. Coloured luff tape or ccloth available on request.

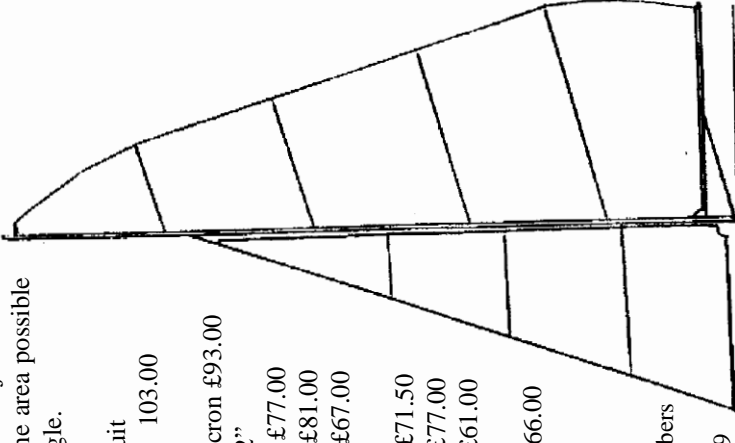

A class

Because of the rules that govern the class in the way sail area is measured it is worthwhile paying particular attention to the jib size and shape to maximise the area possible within the fore triangle.
