10R class

Because of the 10r class rules the sail sizes and shapes can vary enormously, depending on the boat and what you want to achieve in certain conditions. There is no restriction on battening and it is possible on 2nd and 3rd suits to fully batten thereby providing for better control of sail shape and less distortion. This battening would add £11.00 to the cost of each suit.

Luff Finishes
 Sails available in luff cord eyelets or hooks. Coloured luff tape or ccloth available on request.

A class

Because of the rules that govern the class in the way sail area is measured it is worthwhile paying particular attention to the jib size and shape to maximise the area possible within the fore triangle.

36" class

6m class

Because of the lack of restriction on the sail plan for the 36r, the sail shape and area can vary enormously. Sails can be made to your own design and size, for conventional rig, una rig or swing rig
